

Testimonials

I love New Beginnings. My grandson goes there now...his sister, my granddaughter attended there for 3 years. They receive love, compassion, guidance, nurturing, kindness, and are taught of Jesus' love. The teachers and administrators are wonderful kind loving people who truly love children. Look no further. There is NO better Christian daycare or school in this city in my estimation. I highly and strongly recommend New Beginnings to any parent. I thank God every day for the foundation they have and are giving 2 of my 5 grandchildren. Wonderful loving place. Love of God shines through.

The greatest foundation any child could have for education, guidance and spirituality. My child was truly loved at this school and nurtured, as well as given an excellent education.

From the first day we came to New Beginnings Christian School to enroll our son we were WELCOMED by staff, students and Mrs. Highfield the principal whom we met. We felt welcomed from the first day and knew we wanted our son to attend this wonderful school to continue his education in an environment that expects excellence in their staff and students but does so in a very loving and learning manner. We are grateful for a place that is not just a place of learning but a place that he can come to, to have fun and learn at the same time. A place where he can grow not just mentally and physically but emotionally and spiritually. We are grateful that he can do this in a very safe and loving environment with people who are kind, caring, loving and trustworthy individuals.

New Beginnings will always be a home away from home, a place where you can come and are always welcomed, and best of all, one big family. So, no matter who you are, or how long you have been at New Beginnings, welcome to the family

More important than education, field trips, parties or fun days, I was taught the Word. I was taught about God and given a strong beginning. I will always remember New Beginnings. Thank you for being a big part in my life and making a difference.
